OUR MISSION

Dr. Hook was established in 1983 by Owners Nick and Julie Roscoe and now responds to over 100,000 Towing and Recovery requests each year.

Dr. Hook continues to make significant investments in purchasing the right equipment and trucks to handle the market's wide range of Towing and Recovery incidents.

Driver Training and Industry leading "WreckMaster" "Certification" of our 100 plus Operators ensures that each service is delivered "Safely" with a competent and experienced Operator. Our investments translate into Safety, Efficiency, and Peace of Mind for our Customers, Employees and their Families.

Computerized Dispatching along with GPS Tracking allow us to maintain our position as the "Premier" service provider in the Central Canadian area. We are one of Canada's Largest Towing and Recovery firms.

"Loss Prevention" is Top of Mind for all Trucking and Transport Companies. Our Training programs ensure that each of our Operators treat your equipment and cargo as if it was their own. "We Care".

"Loss Mitigation" as a result of a Spill is also Top of Mind for everyone. Every unit in our fleet is equipped with Spill Response materials. We also operate 2 Fully Equipped Response Units and 2 Well Equipped Response Trailers. Our Crews are Trained in Spill Response Techniques and are "Hazwoper Certified".

Dr. Hook provides an immediate response for service requests within the City of Winnipeg and throughout Manitoba. If your Towing needs extend outside of the Province, we offer long-distance Towing throughout Canada, as well as in the United States.

Heavy Towing & Recovery, Specialized Transport, Environmental Spill Response and Traffic Control are just some of our Specialties. For a complete list of our services please visit: www.drhooktowing.com
